National Institutes of Health (NIH)
COVID-19 Treatment Guidelines Panel

Infectious Diseases Society of America (IDSA)
Guidelines on the Treatment and Management of Patients with COVID-19

The Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria (PACCARB)

Society for Healthcare Epidemiology of America (SHEA)

Strategic Plan

Our Mission

ADVANCE infectious diseases pharmacy through collaboration, research, and education and LEAD antimicrobial stewardship to OPTIMIZE the care of patients with infections in every practice setting.

Our Vision

Safe and effective antimicrobials for now and the future.

Empower

Challenge, empower, and mentor our members to achieve the highest levels of professional excellence.

Innovate

Innovate and collaborate to create solutions that advance responsible use of antimicrobials and improve patient outcomes.

Embrace

Embrace and promote a culture of integrity, diversity, equity, inclusion and beneficence.

Educational Programs

The Leader in Antimicrobial Stewardship Education in the United States

SIDP is the leader in antimicrobial stewardship education and strives to develop a diverse, effective, high-quality portfolio of educational programs to advance their profession as a whole.

Stewardship Certificate Training Programs

Over 3,400 pharmacists

have completed SIDP Stewardship Certificate Training Programs!

Antimicrobial Stewardship and Resistance Education

21,000+

Pharmacists have completed a SIDPEC program!

40,000+

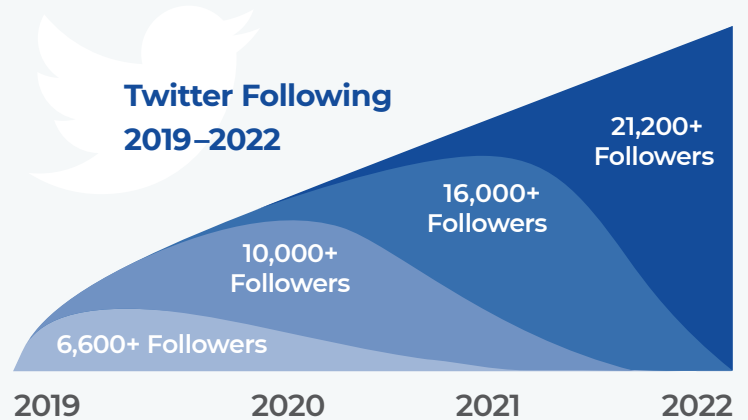

Continuing Education hours have been earned!

140,000+ listens

to the "Breakpoints" Podcast
as of March 2022

Web & Social Media Reach

Infectious Diseases (ID) Pharmacists are...

Stewards

ID Pharmacists take extraordinary measures on a daily basis to preserve and optimize the limited resource of antimicrobials to ensure patient safety and positive patient outcomes.

Educators

ID Pharmacists are a critical resource for the education of all disciplines of healthcare. Our interactions with providers, patients, and other learners are a valuable asset to ensure appropriate patient care.

Facilitators

ID Pharmacists serve as a bridge between evidence-based pharmacotherapy and applied patient care. We deliver, recommend, and educate on optimal antimicrobial therapy through individual and global measures.

Innovators

Pharmacists continue to develop new services across various practice sites to creatively facilitate optimal patient care.

Advocates

Pharmacists ensure optimal care is provided to their patients by using extensive drug therapy expertise to compliment the diagnostic expertise of physicians.
